

June 2020

Dear Friend,

Thank you for being such an important part of New Foundations Home for Children. We want you to know how your gifts and donations are making a difference in the lives of so many children and families throughout the year. Without you, none of this would be possible and we want you to know how much we appreciate your generosity and willingness to be a part of so many lives!

This year things may look a bit different due to Covid-19, but our team is still preparing for the summertime. Our staff has several activities planned including field trips, educational programs, cookouts, sports, and so much more. We have to admit, preparing summer programs for more than fifty children in our group home is no small task. Our goal is to not only keep the kids busy, but for them to know they're loved and to provide teaching opportunities along the way. We are working hard to do these things safely!

Of course, we can't think about the summer around here without thinking of the challenge that follows – Back to School. Every year, we have to consider the needs of our children going back to school in Anderson District V, New Foundations Academy, the Adult Education Center, and Tri-County Technical College. That means a lot of clothes, book bags, notebooks, pencils and pens. Though we do not yet know the format we will have for school, we know we will have school. We all know how meaningful it is for children to be prepared on day one.

We're asking if you would, please consider making a financial contribution to support our **Summer Program** and our **Back to School Campaign**. You can be a Wish Maker beginning at the \$150 level or you might choose to become a Dream Maker, Angel, or a Foundation Patron. Your gift will make a difference in the lives of our children right here in Anderson. You can choose to donate by returning a check with the enclosed form or by donating through our website at www.NewFoundationsChildren.com.

Thank you so much for your willingness to impact so many lives and for making a difference.

For the children,

Steve Dean
Chief Executive Officer
